About

I am an experienced backend developer with solid expertise in *PHP and Laravel*, along with hands-on experience in *database management*, *RESTful API development*, and *payment systems integration*. I have worked on various projects utilizing technologies like *PHP*, *Laravel*, *NodeJS*. Additionally, I emphasize the use of *SOLID principles* and best practices to deliver high-quality, scalable, and secure solutions.

In addition to my technical skills, I am passionate about art, dance, sports, music, photography, and motorcycles, all of which fuel my creativity and enhance my problem-solving abilities. I am currently focused on developing *REST APIs* using *Laravel* and am dedicated to teamwork, ensuring the successful completion of every project.

Skills

| PHP | Laravel | RESTful APIs and Webhooks | PostgreSQL | MySQL | Redis | Docker |

| Node.js | JQuery | LLM & AI Assistants | SEO | Debugging Tools |

Work Experience

Turkticaret.Net   Full Time   Jan 2024 - Current
Backend Developer
I spearheaded operational efficiency by automating daily tasks, then boosted *website traffic* through *SEO and speed optimization*. I implemented robust *security measures*, particularly in *payment processing*, and optimized *server performance* by *query improvements*. Played a key role in implementing an *AI Assistant* to system to enhance customer experience

Turkticaret.Net   Workplace Training   January 2021 - April 2021
Intern
I improved myself further with *HTML, CSS, JavaScript and JQeury*. I also handled the backend with *PHP, SQL*. Additionally I learned fundamentals of *Nodejs* and frameworks like *Laravel* and *Django*. I got familiar with content management systems and *MVC structure*.

I learned the technologies that make websites work, like *HTML, CSS, JavaScript*. I learned and deployed a webiste using *JQuery* and *PHP* with *MySQL database*
